### **COUNTY COUNSEL'S NEW LITIGATION COST MANAGER AND CHIEF DEPUTY**

On November 12, 2002, on a motion by Supervisors Molina and Burke, your Board instructed the Chief Administrative Officer (CAO), with assistance from County Counsel (CoCo) and the Auditor-Controller (A-C), to report back in two weeks with an implementation timeline for the recruitment and selection of a new Chief Deputy and Litigation Cost Manager for County Counsel to manage countywide litigation services. Specifically, your Board requested information on implementing the following directives:

- Identify a recruitment and selection process for these positions.
- Develop job descriptions and performance goals and measures for these positions as well as a new organizational chart.
- Define responsibilities for the new Litigation Cost Manager position.
- Provide the Board with projected legal cost savings each Fiscal Year (FY) and a status report submitted quarterly by County Counsel of expected savings verified by the CAO and A-C.
- Make recommendations with input from the Chief Information Office (CIO) to realign the County's budget/accounting processes to ensure all legal costs are tracked efficiently.
- Hire a second Chief Deputy County Counsel offset by the deletion of a Senior Assistant County Counsel position.

## **Implementation Timeline**

### Recruitment and Selection Process for the Litigation Cost Manager

Your Board specifically requested that the person hired as the Litigation Cost Manager should have extensive private sector experience managing and tracking litigation. Based on discussions with Department of Human Resources (DHR) regarding the level of responsibilities and scope of duties specified by your Board, we concluded that this new position should be an attorney with compensation at the level of Range A-4, control point \$12,809 per month, and be Unclassified (UC), in accordance with Measure A. In order to expedite the recruitment process, CoCo requested DHR to contract with an Executive Search Firm, upon completion of the position description. Costs for this recruitment could range as high as \$120,000 and include professional fees, reimbursement for direct expenses, background investigations, and advertising. Funding is available within County Counsel's 2002-2003 Adopted Budget.

Attachment I is a Recruitment and Selection Action Plan and timeframe developed by DHR to identify highly qualified candidates with extensive private sector experience in managing and tracking litigation. After the selection of an Executive Search Firm, the duration for the entire recruitment process is estimated to be 100 calendar days. Additionally, as instructed by your Board, the CAO and the A-C will be involved in the selection process.

### Ordinance Amending County Code, Title 6 – Salaries

On December 10, 2002, your Board approved DHR's Final Budget Change Board letter for FY 2002-2003. Included in the letter was an ordinance that added the Litigation Cost Manager, County Counsel (UC) class to the County Classification Plan and amended the CoCo Departmental Provisions of the County Code to include the ordinance; Litigation Cost Manager and the Chief Deputy items. The ordinance became effective upon the second reading on December 17, 2002.

### Responsibilities of the Litigation Cost Manager/Projected Cost Savings

In accordance with your Board's instructions, the focus of the Litigation Cost Manager is to ensure that quality and cost-effective litigation services are provided to the County. Therefore, the individual selected after the recruitment must have sufficient time to work with staff within County Counsel along with personnel from other affected Departments to evaluate the issues related to the County's legal costs.

Consequently, 60 days after being hired, the Litigation Cost Manager will report back to your Board on the following:

- A plan to lower in-house and outside legal costs including strengthening performance measures for the evaluation of in-house and outside lawyers.
- Findings and recommendations on problem areas in collaboration with the County Risk Manager.
- A reasonable and attainable goal for reduction of legal costs countywide each FY, commencing with the FY 2002-2003, if feasible.

In addition, by September 30, 2003, the Litigation Cost Manager will identify a goal for the reduction of legal costs for FY 2003-2004. Thereafter, this information will be presented to your Board during the annual budget deliberations.

#### Position Descriptions and Performance Goals and Measures for the Litigation Cost Manager and Chief Deputy

As requested, Attachment II A and B, are position descriptions prepared by CoCo and reviewed by the DHR, which detail the different responsibilities for both positions. The performance goals and measures are included on Attachment III.

#### County Counsel's Organizational Chart

Attachment IV is a revised Departmental Organizational Chart reflecting the proposed positions that was prepared by CoCo and reviewed and approved by the CAO, together with a listing of the assignments and responsibilities of the eleven Law Divisions of CoCo.

#### Tracking of Legal Costs

The A-C is currently reviewing County Counsel's budgeting and accounting processes relating to litigation costs and anticipates providing a report to your Board in the near future with recommendations to improve the tracking of these costs.

Additionally, representatives from the CAO, CIO, A-C and CoCo have met to review the capabilities of the CAO's new Risk Management and Information System (RMIS) and have concluded that the new case management system will significantly improve the tracking of litigation costs. The implementation date for RMIS is scheduled for early

March 2003. Any further recommended policy or system improvements related to litigation cost tracking will be addressed in the FY 2003-2004 budget request.

### **Hiring of the Chief Deputy**

Upon approval of the above-mentioned ordinance amendments by your Board, CoCo commenced recruitment from within the department to expedite the hiring of a new Chief Deputy Unclassified position. On January 13, 2003, County Counsel advised your Board of his intention to appoint Donovan M. Main to the new Chief Deputy position effective January 27, 2003.

The recommendations contained in this report required more than the two weeks allowed in your Board's action as the duties of the Litigation Cost Manager necessitated an extensive review. In addition, these recommendations do not result in a net increase in costs or positions.

Please let us know if you have any questions or your staff my contact Rick Cavataio (CAO) at (213) 974-1325, Donovan Main (CoCo) at (213) 974-1829 or Pat McMahon (A-C) at (213) 974-0831.
